

List of Supplies

Class: Develop Your Portfolio

Instructor: Jess Oullis Smith

To prepare for your session:

- Choose 5 – 8 pieces you would like photographed and prioritize them in order before your session.
- Let the Art Colony know if you have large pieces that will not fit on a table.
- Consider bringing an extra stand or implement to drape fabrics over if you are photographing fiber arts.
- 2-D pieces can be hung on the wall on our Walker hanging system.

The following items will be provided for you:

- Gradient backdrop
- Lights and all the necessary equipment for photographing your artwork
- A compilation of your images will be emailed in size-ready format one week or less from the session date.
- Please discuss specific needs with the Art Colony staff and photographer to ensure best results.
- Note that many artists are photographing in preparation for the Grand Marais Arts Festival and default sizing will match application guidelines unless otherwise specified by the artist.

NOTE: Images are intended for application purposes and general portfolio upgrades only, NOT for individual print reproductions of artwork.
