

List of Supplies

Class: Flush and Bead Setting

Instructor: Bill Kennealy

Please bring to class the following items:

- Flex shaft with pole or a micro motor
- Bench pin and a large C clamp to secure the bench pin to the table
- An optivisor or magnification head gear about 2.5 power approx.
- Two drill bits, a 1 millimeter and a 2 millimeter drill bit for drilling pilot holes
- Ring clamp for holding rings or practice plates

Optional tools

- 52 round graver and handle
- 000 ongette graver and handle
- 42 flat graver and handle
- A wooden mushroom graver Handle for making a round burnishing tool
- A millimeter gauge
- Any favorite stone setting tools

Your supply fee will cover the following items:

- Stones, practice mounting rings or metal plates and burs for cutting the seats for the stones

Note that the Art Colony provides the following in each studio:

- One flex shaft
- Basic tool kit
- Torch

Tables are basic folding tables that allow for a c-clamp and flex shaft attachment.
