

Class: Glaze Chemistry: Forget Gerstley Borate

Instructor: Ben Fiess

Please Bring the Following

- Clothes appropriate for working with clay.
- If the weather is inclement, we ask students to bring an indoor pair of shoes to wear and leave their outdoor shoes by the door.
- Trimmed fingernails
- An old towel or rag
- Notebook
- Apron

Your Supply Fee Covers

- Use of studio tools and equipment
- All glaze chemicals needed
- Firing fees

Student Learning Outcomes

- Students will learn about various materials and their chemical composition.
- Students will test materials in a firing and test finished examples of glazes for durability and hygiene.
- Students will reformulate a recipe of their choosing three times, mix test batches and view the results of their experiments.
